Dear Swati,

We done with the Installation of EG3 on your campus on 15th July 2015 and the training of all the modules had given to you. Now release the payment of Rs.5000/- of the said project and also fill attached the EG3 Request Form, scan and email to us asap.

Future Help: For any queries, difficulties, and technical problems pls. feel free to contact us. The problems will be resolve online at free of Cost or personal visit at a nominal charge.

- Suggestion:**
1. Daily take the backup of Database in the D Drive and External Hard Disc.
 2. Once you finish the entries your WebOPAC will be activated within a day time.

Feel free to contact us for any queries and be in touch.

with regards,

Mrs. Shaheen S. Momin
M.Phil. (Lib. & Infor. Science),
Librarian,

1. LIBRARY AUTOMATION & NETWORKING

1.1 Granthalaya: A Digital Agenda for Library Automation and Networking

This library management software is a complete solution for library automation. It has been developed by the Library & Information Services Division, National Information Centre (NIC), Department of Information Technology, Ministry of Communications & Information Technology, Government of India, New Delhi. The software runs on windows platform in client/server mode. The infrastructure requirements (hardware, operating systems, database management software, internet connectivity, etc.) for using the software are specified.

The software is made available free of charge to all library (small, medium or large size library). However, the recipient library has to pay the charge for installation of the software, training of staff & travel expenses.

Granthalaya is a complete solution for library automation software. It is user friendly and easy to use. It covers the following modules:

1. **Administration:** Enables to enter default values, user authentication data and other information used by other modules.
2. **Book Acquisition:** Helps you to carry out acquisition functions (ordering, receipt, reminders, accessioning, bill processing, etc.) in a library.
3. **Cataloguing:** Useful for cataloguing books, reports, manuals, etc. in a library. Also of help in carrying out stock verification of documents held by a library. The software is barcode compliant.
4. **Circulation:** Automates all the functions related to issues, returns, reservation, reminders, etc. of documents in a library.
5. **Serials:** Manages the functions related to journal subscriptions, receiving, reminders, bill processing, etc.

1.2 Module Descriptions

1. **Administration:** This module is used to enter default values, user authentication data and other information used by other modules.
2. **Acquisition:** This module helps you to carry out acquisition functions (ordering, receipt, reminders, accessioning, bill processing, etc.) in a library.
3. **Budgeting:** This module helps you to carry out budgeting functions (generating purchase orders, budget control, etc.) in a library.
4. **Cataloguing:** This module helps you to carry out cataloguing functions (book, report, manual, etc.) in a library. The software is barcode compliant.
5. **Circulation:** This module automates all the functions related to issues, returns, reservation, reminders, etc. of documents in a library.
6. **Serials:** This module manages the functions related to journal subscriptions, receiving, reminders, bill processing, etc.
7. **Search:** Search module provides Catalogue, Queries, Serials, Acquisition, Que, Journals, Details, Vendor queries, etc. Custom Awareness (CAS).
8. **WebOPAC (Online Public Access Catalogue):** Provides access to the backend database of the library. In this, the data options from a simple search, relevance search, besides the traditional provides with basic, complex, advanced search options. It also allows to make your library visible on internet.

Features / Facilities

- Collection Development and Acquisition facilities
- Zenith (Print/Serials) Interface
- Estimate Report for Print
- Export Records in: CSV/Text File/MARC 21/MARC XML/ISO 2709/MS ACCESS/EXCEL formats
- Print Accession Register
- CAS/SDI Services and Documentation Bulletin
- News Clipping Services Built-in
- Digital Library integration with uploading/downloading of pdf/html, etc documents in Micro-Documents Manager (Articles/Chapter Indexing)
- Import Data from any structured Source

Software Requirement

For Client-Server Mode (For Client-Server Mode)

Hardware: Pentium or above, with varying devices, Min 1 GB RAM, 50GB HDD

OS: Windows - XP(SP2)/Vista/win 7/8.

DBMS: MS - SQL Server 2005/2008/R2/2012 (Express Ed) - FREE

Connectivity: LAN/Internet Connectivity

For Client-Server Mode:

Hardware: A Server Pc with Min 4GB RAM, 80GB HDD

OS: Windows Client OS (Win 7/8) or Windows Server 2008/R2 (Standard/Enterprise Edition)

RDBMS: MS SQL Server 2005/2008/R2/2012 (Express Edition)

Connectivity: LAN/Internet Connectivity

BarCode Printer (Any Model/ Make) with
Barcode Reader

About DSpace

DSpace is an open source software solution for digital content management. It is a free and easy to install "out of the box" and completely customizable software for any organization.

DSpace enables you to easily and quickly add your digital content including text, images, audio, video, and data. It works with an ever-growing community of developers, continuously expanding and improving the software, each DSpace installation benefits from the next.

Importance of DL/IR

Many organizations, both academic and non-academic, find it necessary to build their own digital repositories for the documents for which they own the rights. A good number of articles published in the conference, symposia, proceedings, etc. are not being organized and hence not accessible. It is not only software for different types of libraries and commercial organizations building original repositories.

System Requirements

- Java 1.5 or higher
- MySQL 4.0 or higher
- PHP 5.0 or higher
- DSpace 1.8 or higher
- Java Servlet Container
- Any OS

Possible Content

- Question Papers
- Syllabus
- Staff Publications - Preprints, etc.
- Project Reports
- Technical Reports
- Working Papers
- Conference Papers
- E-theses
- Images
- Audio files
- Video files
- Learning Objects
- Reformatted digital library collections
- Book Chapter
- Journal Articles, etc.
- CD Content
