### QUALITY POLICY

Quality is a vital part of the mission of the College. Effective planning and careful implementation of plans as well as the process of monitoring and review are essential in the establishment of an educational institution. Equally important is the commitment of each staff member, including the administrative and support staff and their understanding of the purpose and future ambitions of the institution, and further, to see his/her role in relation to the goals of the institution and discharge his/her duty well within this framework enthusiastically.

The College believes that quality must be the responsibility of every member of the College.

#### **Our Quality policy focuses on:**

- The development of the country are directly related to the development of the young students who are an important force in shaping the future.
- High quality desired outcomes are to be achieved.
- There should be justified way of spending the government funds and grants.
- The overall performance indices of the students such as results and progression affect the brand of the College, its ranking and reputation.
- It contributes to the professional satisfaction of its staff when they realise that they are efficiently affecting the student learning outcomes and helping them achieve high levels of performance in all programs.

#### **IQAC emphasizes:**

- In constant monitoring of all the departments and associates in assessing the progress in the implementation of its operational and action plans.
- On careful monitoring of course and program delivery across the curriculum.
- That an efficient and effective feedback mechanism is in place to enable feedback from college graduates to ascertain the effectiveness of the education and training they have received
